## DUMP TRAILER RENTAL

Rental Terms, Pricing Schedule & Operating Policies

### NOTE

This document governs all rentals booked through rentwasteaway.com. By completing a booking and payment, the Customer acknowledges and agrees to all terms contained herein. Effective 2026. Lafayette, Indiana. Service area: 35-mile radius including Fowler, Attica, Delphi, Rossville, Covington, Williamsport, and surrounding communities.

## SECTION 1 — PRICING SCHEDULE

All prices are calculated at booking based on delivery address, load type, and rental duration. The pricing engine uses actual Google Maps drive distance to calculate distance surcharges. Prices shown at checkout are final unless a weight overage occurs at the transfer station.

### 1.1 Base Rate

\$350.00 — includes all of the following within the base rate:

- Trailer delivery to Customer address
- Pickup of loaded trailer at end of rental period
- Transport to Tippecanoe County Transfer Station (SR-25)
- Transfer station dump fee for loads up to 2.0 tons
- Delivery addresses within 5 miles of Lafayette, IN city center
- Standard 2-day (48-hour) rental window

### 1.2 Distance Surcharge

For delivery addresses beyond 5 miles from Lafayette city center, a distance surcharge is applied. The surcharge is calculated from actual Google Maps drive distance using the following formula:

**Surcharge = (Fuel Cost + Truck Wear + Drive Time Value) × 2 [round trip]**

Variables: \$3.50/gal fuel, 10 MPG truck economy, \$0.20/mile wear, \$50/hr operator time value. Result is rounded up to the nearest \$5.00 increment. The surcharge is displayed to the Customer before payment and included in the total charged at booking.

## SECTION 2 — WEIGHT OVERAGE & AUTHORIZATION HOLD

### 2.1 Included Weight

The base rate includes transfer station dump fees for loads up to 2.0 tons (4,000 lbs). Load weight is determined at the Tippecanoe County Transfer Station weigh-in following pickup.

### 2.2 Overage Rate

Any weight exceeding 2.0 tons is billed at \$75.00 per ton, calculated to the nearest 0.1 ton as recorded on the transfer station weight ticket. Example: a 2.6-ton load results in a \$45.00 overage charge (0.6 tons × \$75.00).

### 2.3 Authorization Hold

For bookings selecting Full Load or Heavy Material load types, Waste Away places a pre-authorization hold on the Customer's card equal to the maximum possible overage: \$225.00 (3 additional tons × \$75.00). This hold is separate from the base charge and is NOT a charge. Light load selections (Light Cleanout, Yard Debris, Renovation Mix) do not require an authorization hold.

- If the load is 2.0 tons or under: the hold is released within 5–7 business days. No additional charge.
- If the load exceeds 2.0 tons: the actual overage amount is captured from the hold. Any remaining hold balance is released.
- If an overage occurs, the Customer will receive a weight ticket and itemization via email within 24 hours of pickup.

#### EXAMPLE

Customer books, pays \$385 (base \$350 + \$35 distance), and a \$225 hold is placed on a Full Load selection. Load weighs 2.4 tons at the station. \$30 overage is captured (0.4 × \$75). Remaining \$195 hold is released. Total charged: \$415.

## SECTION 6 — TRAILER USE & DAMAGE

### 6.1 Acceptable Placement

---

The Customer is responsible for designating a safe, accessible placement location for the trailer. The trailer is a bumper-pull dump trailer and does not require a rolloff truck. It may be placed on:

- Residential driveways (concrete or asphalt)

## 6.2 Overloading

---

The trailer has a maximum load capacity of 15 cubic yards and 5 tons gross weight. Loading beyond capacity is prohibited and may result in structural damage, unsafe transport conditions, and refusal of the load at the transfer station. Damage caused by overloading is the Customer's responsibility per Section 6.3.

## 6.3 Customer Damage Liability

---

The Customer is responsible for damage to the trailer caused by:

- Overloading beyond rated capacity
- Improper or unsecured loading causing structural damage
- Negligent use during the rental period

Normal wear and incidental scratches are not the Customer's responsibility. Damage assessment is at the sole discretion of Waste Away and will be documented with photos taken before drop-off and after pickup. Damage charges will be billed to the card on file.
